## **REELECTION**

## **ANOTHER COUP**

In a 52-47 decision, the U.S. Senate voted to block President ***Donald Trump*** from taking additional military action in Venezuela without congressional approval. The vote came after Trump's capturing of Maduro, Venezuela's leader. To reach this decision, five Republican Senators sided with the Democrats against the President. Although the Resolution still must be passed by the U.S. House, Trump's actions in Venezuela have clearly sparked controversy and division among both parties.

## **WAR ON SUGAR**

The Trump Administration declared a war on added sugars when it unveiled the new and improved food pyramid. Meat, cheese, and veggies claim the top of the (inverted) pyramid with the Administration promoting a whole food diet. This falls in line with the Administration's stance that saturated fats and highly processed foods should be avoided.
